Re: Contract ~~BA-732~~
Letter of April 26, 1957

Gentlemen:

The period covered by your payroll month clarifies the calculation question. However, we still disagree that duty was performed on the fourth of February because the data in our files clearly indicates that [redacted] was not at the station on 4 February 1957.

We are therefore again suspending the portion applicable to that date from your adjusted billing, and are forwarding payment at the rate of 48/168 (6 days) X \$1,276.28, or \$364.65.

Very truly yours,

Doug
